A Letter from Board Chair Scott Bruckner and President & CEO Karen Pearl

Board Chair Scott Bruckner and President & CEO Karen Pearl

Dear Friends,

We are proud to share with you all that we accomplished this year. God's Love We Deliver cooked and home delivered nearly 1.8 million meals to more than 7,000 of our neighbors affected by severe and chronic illness – our clients, their children and their senior caregivers. In September, we marked an important milestone as we cooked, packaged, and delivered our 20 millionth meal. We are most grateful to our generous supporters and remarkable volunteers who helped make 2018 such a fantastic year.

Over the past 10 years, demand for the services that God's Love We Deliver provides has grown by 150%. This significant growth has challenged us to think in new and different ways

to ensure that our program continues to be effective, targeted, and sustainable. In 2018, we developed and launched a new Strategic Plan and are

**GOD'S LOVE WE DELIVER

AND CHRONIC ILLNESS**

poised to take the next critical steps in meeting the challenges presented by the changing needs of our clients, the growing list of providers who

are counting on us as partners, and the changing demographics of the communities we serve.

Through this Strategic Plan, we reaffirm our mission to providing the highest quality services to clients, referral partners, volunteers, staff, policy makers, donors, and our broader community. We look to become the "Organization of Choice" in every way for each stakeholder through our efforts. And, we commit to doing this in a financially and programmatically sustainable way.

At God's Love, we consistently deliver a gold-standard program that serves our clients' most pressing food and nutrition needs. This year, our Kitchen and Nutrition departments

A Letter from Board Chair Scott Bruckner and President & CEO Karen Pearl

introduced 65 new menu items, including entrées with cultural diversity and breakfast choices for our renal clients. We also translated our guide “Nutrition Tips for Older Adults” into Spanish.

We made tremendous progress in achieving better integration of food and nutrition services into the healthcare continuum. In January, Congressman Jim McGovern of Massachusetts, the founder and co-chair of the House Hunger Caucus, launched the new bipartisan Food is Medicine Working Group, and in May, we had the honor of presenting the work of our national Food is Medicine Coalition at a Congressional Briefing in Washington, DC. A growing body of research shows that the medically tailored meal intervention we provide improves health outcomes and reduces healthcare costs, and we

continue to garner greater national support for our work.

In September, nearly 50 Managed Long-Term Care providers gathered at God’s Love for the first annual Community Partners Health Expo. Attendees were impressed by a series of presentations, a tasting of some of the meals we provide to our clients, and a tour of our facility.

We are making great strides toward promoting the God’s Love program and increasing our visibility. This year, we developed “Healthcare Starts with Healthy Food” PSAs for The Wall Street Journal, which had nationwide circulation.

God’s Love works hard every day to ensure that we are attracting and retaining the best volunteers and staff in a competitive marketplace. In 2018, we celebrated our volunteers with our “1 of Over

10,000 Volunteers” campaign, which included photos of our volunteers in nearby subway stations. We are deeply grateful for our more than 13,000 volunteers without whom we simply would not be able to accomplish our important mission.

Over our 33-year history, God’s Love has undergone continuous change and improvement in every aspect of our work – from client services to nutrition, from kitchen to delivery, from volunteer services to fundraising. However, no matter how much we have changed, we have kept constant our commitment to providing meals and nutrition services to people who are too sick to shop or cook for themselves. From one woman delivering one meal to a man dying of AIDS in 1985 to today, where 100 staff members and 13,000 volunteers work together to cook

and deliver 1.8 million meals to 7,000 individuals, God’s Love has always been a beacon of hope, respect, dignity, and love in our community.

With your help, we are able to provide the life-sustaining meals and nutrition services that our clients and their families need – free of charge to them and full of love. Thank you so much for your support.

Sincerely,

Karen and Scott

Our Mission

The mission of God's Love We Deliver is to improve the health and well-being of men, women and children living with HIV/AIDS, cancer and other serious illnesses by alleviating hunger and malnutrition. We prepare and home-deliver nutritious, individually tailored meals to people who, because of their illness, are unable to provide or prepare meals for themselves. We also provide illness-specific nutrition education and counseling to our clients, families, care providers and other service organizations. All of our services are provided free to clients without regard to income. God's Love We Deliver is a non-sectarian organization.

Our client Gazmend with his wife Lindita and son Glent

"I was so scared. I didn't think anyone could help me. If it weren't for God's Love, I don't know what I would do. Now, I have food for my son and I have food for myself. It's such a relief. I have so many other things to worry about but with God's Love, I feel comfort. Every day I am grateful that the people of God's Love can be so generous with their time, helping to support a family they don't even know."

— Our client, Gazmend

Our Mission

Advocacy

God's Love seeks to ensure that the medically tailored meal intervention is part of the continuum of healthcare, broadly accessible to those who need it, and always of the highest quality.

Our meal program is a low cost, high impact intervention, grounded in the community, that improves health and saves critical healthcare dollars by keeping people in their homes when they are sick, rather than in more expensive hospitals or nursing homes.

Our agenda is simple:

- We engage in research that advances the reality that food is medicine.
- We lead innovation efforts that allow us to reach the most vulnerable in our communities.
- We advocate on the local, state and national level to incorporate the medically tailored meal intervention into healthcare for people living with severe and chronic illness.

Food is Medicine Coalition:

God's Love We Deliver chairs the national Food is Medicine Coalition, a volunteer association of nonprofit medically tailored meal providers across the country convened to:

- Provide a complete, evidence-based, medical food and nutrition intervention to critically and chronically ill people in their communities.
- Advance public policy that supports access to medically tailored food and nutrition services for people with severe and/or chronic illnesses.
- Promote research on the efficacy of food and nutrition services on health outcomes and cost of care.
- Share best practices in the provision of medically tailored meals and of nutrition education and counseling.

Our Mission

Nutrition

Nutrition is our key ingredient.

Every client on our program works with a Registered Dietitian Nutritionist to make sure we design the custom meal program that best meets their specific medical and nutritional requirements. Additionally, every client receives unlimited nutrition counseling. We are proud of this signature difference – individualized nutrition attention sets us apart from all other meal programs in New York City.

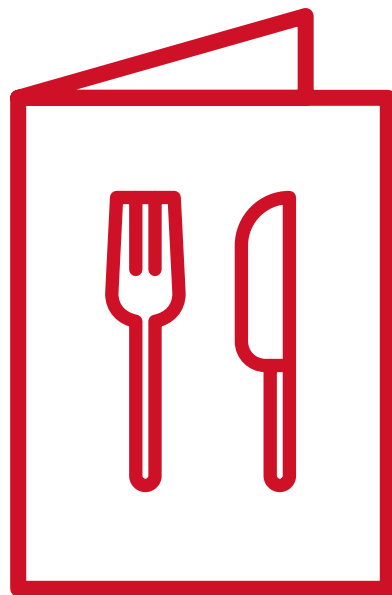

Every day, our meals are individually tailored with the freshest and highest quality ingredients to ensure that our clients always receive optimum nutritional value. From the development of our therapeutic menus, to nutrition counseling, to the safe delivery of our meals, we see the power of food as medicine and understand the significance of proper nutrition.

Our Mission

Special Touches

At God's Love, we understand that the health and well-being of our clients are dependent on more than just nutrition – it's also about love. These are just a few of the special touches we provide for our clients in addition to home-delivered, medically tailored meals

We strive to make the holidays brighter for our clients. On Thanksgiving and again in late December, we provide a special meal, plus a guest meal so clients can invite a friend or family member to spend the holiday with them.

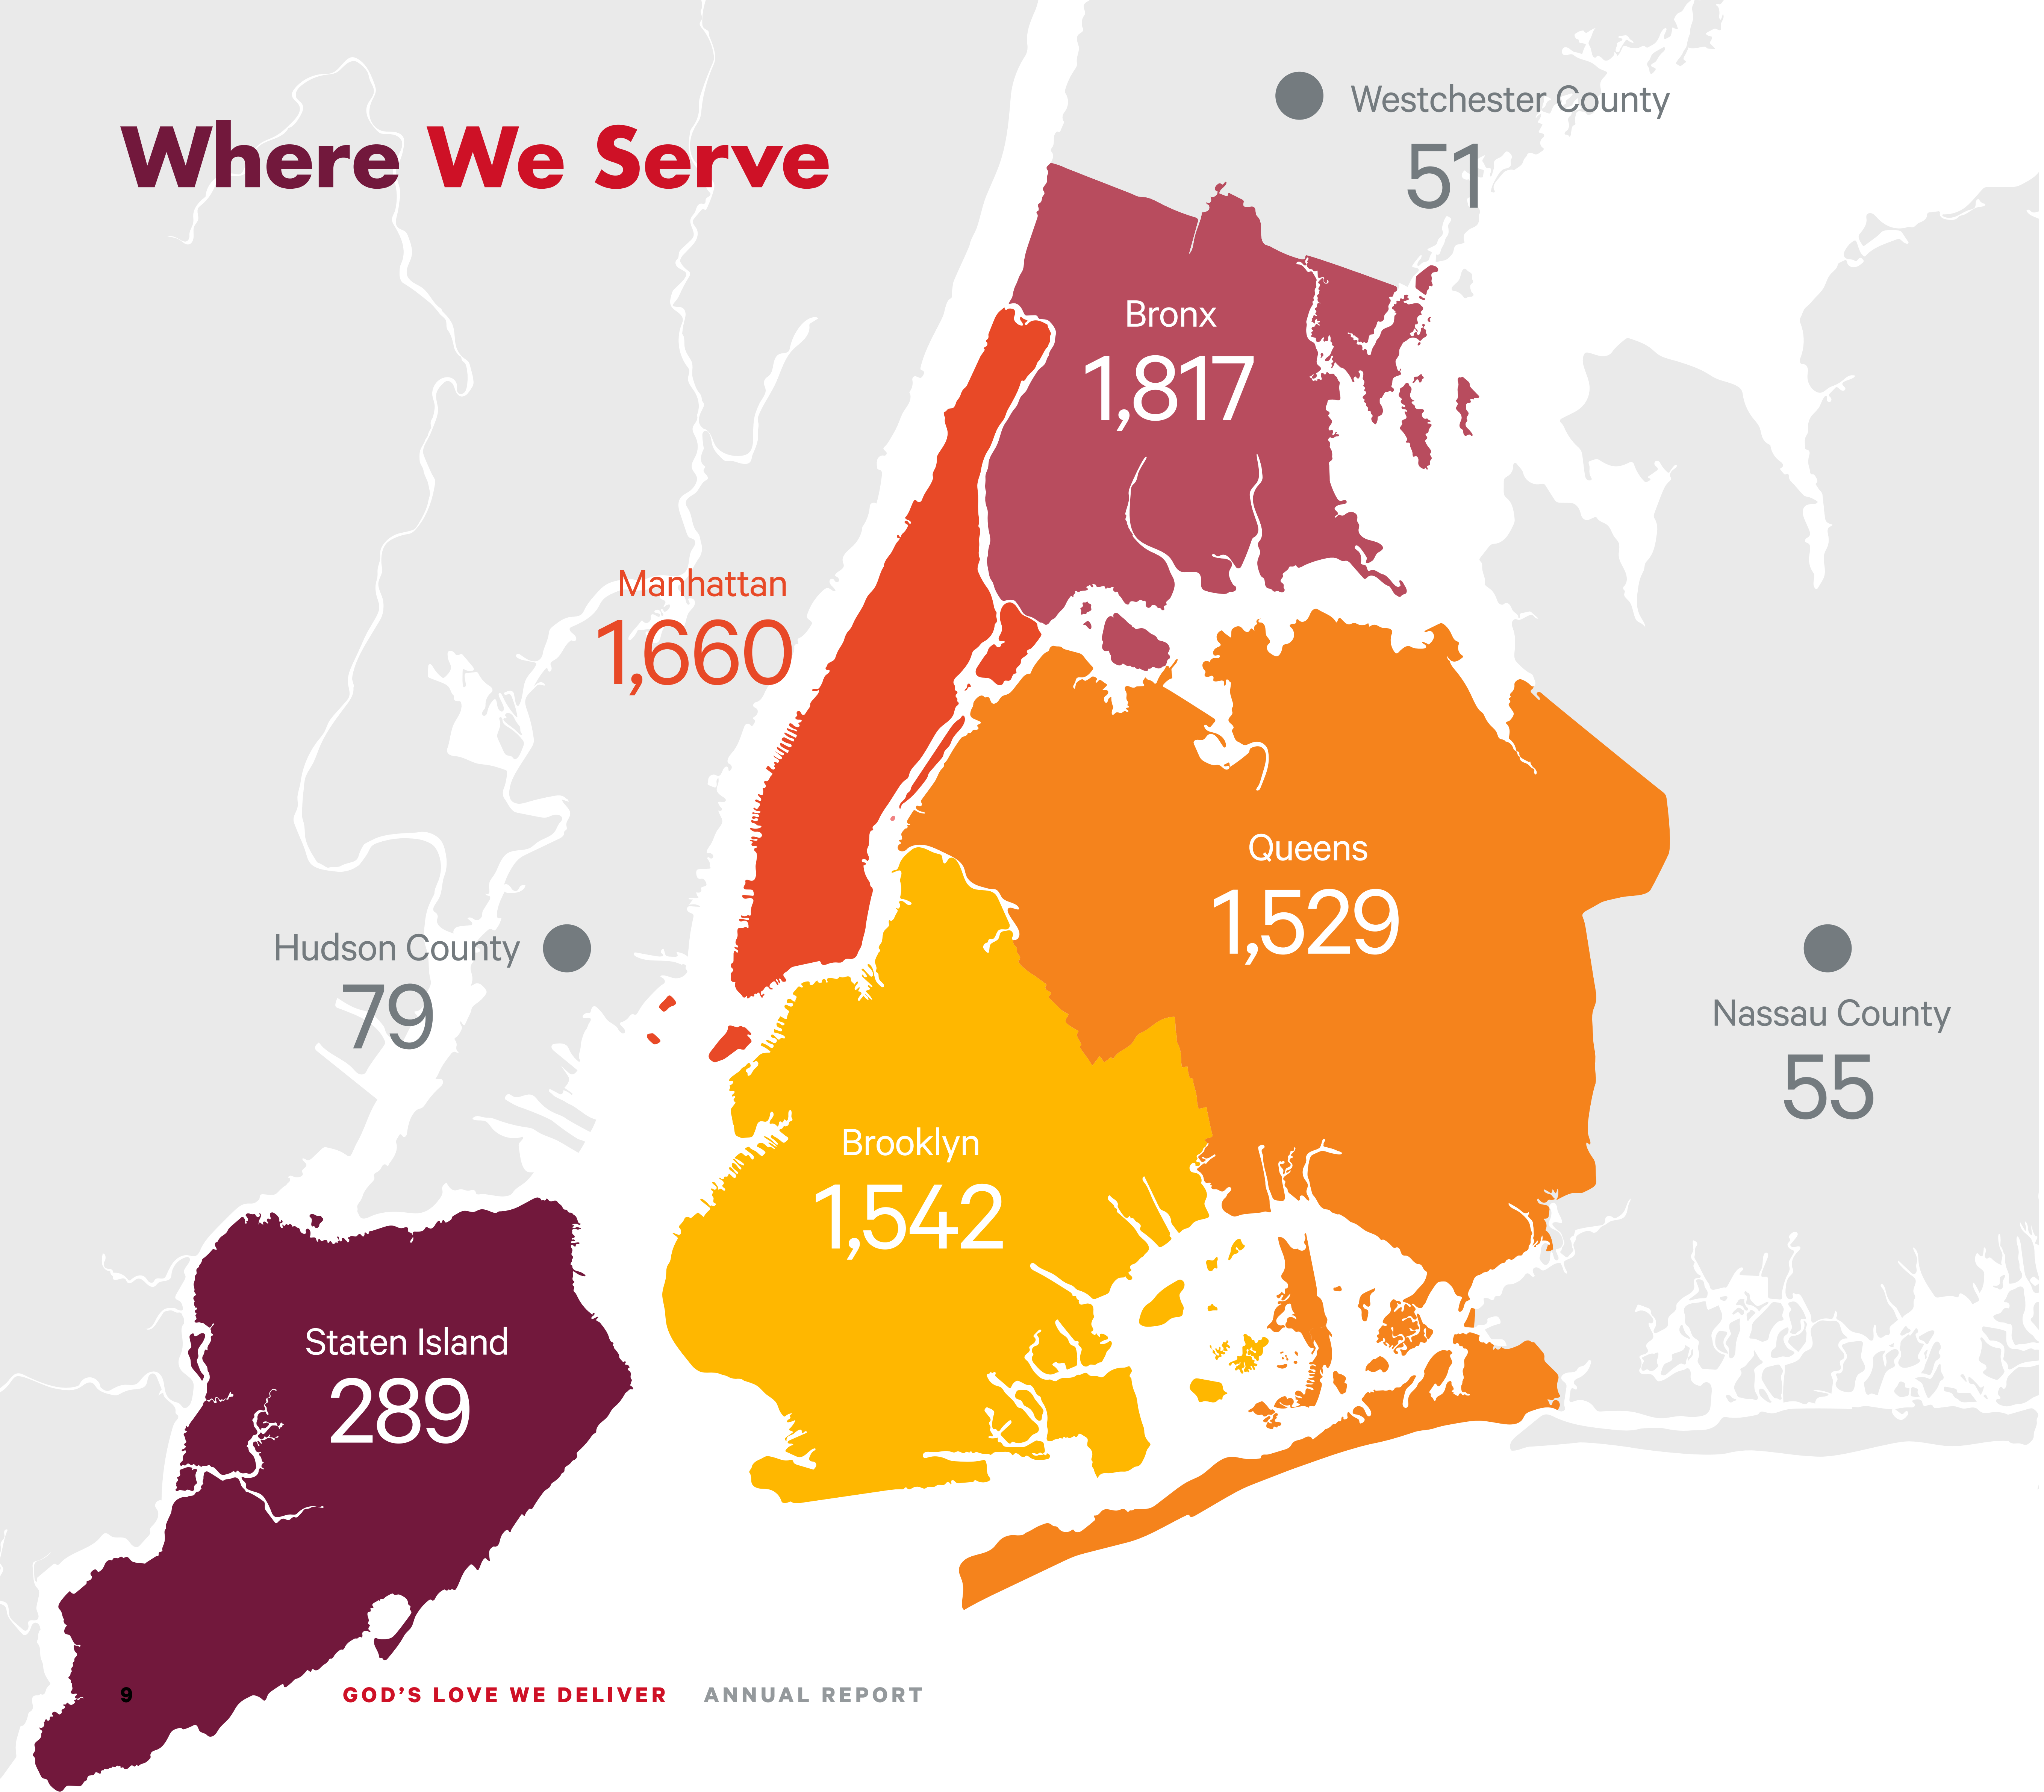

Every year, God's Love delivers Emergency Meal Kits to our clients. These kits contain non-perishable goods such as granola bars, water, canned tuna and more, so that none of our clients must go hungry in the unlikely event that God's Love is forced to miss a delivery day.

And because every birthday is worth celebrating, Chuck, our famous baker, bakes and personalizes a birthday cake for every client. We also send a card created by local schoolchildren, with special wishes for this special day.

The Year in News

FY2018 brought with it many wonderful opportunities to share our mission and message with our wider community. We are pleased to share some of the remarkable achievements and milestones we have accomplished this year, including our Signature and Partnered events. Events are an important part of our fundraising efforts, contributing over 20% of the operating revenue that allows us to provide our much needed services. These and so much more made for a successful year. Thank you for helping make it a great year at God's Love.

God's Love staff, supporters, and volunteers gathered to celebrate and pack out our 20 millionth meal.

Headlines

The seventh **Food is Medicine Coalition National Symposium** took place in Washington, DC in September. It brought together more than 25 organizations from across the country to discuss food and nutrition services, healthcare contracting, federal funding and policy, research, and communications. In Hill visits, we educated public officials on the efficacy of medically tailored meals and advocated for the inclusion of these services for people living with severe illness in healthcare policy reform.

In September, God's Love marked an historic achievement as we cooked, packed and delivered our **20 millionth meal**. We celebrated with many

volunteers, supporters and friends, and just a few months later we reached an even bigger milestone by delivering our 21 millionth meal.

More than 45 staff from our Managed Long-Term Care partner organizations convened at our SoHo headquarters in September as we hosted our first **Community Partners Expo** with the theme "Food is Medicine."

In January, Congressman Jim McGovern of Massachusetts, the founder and co-chair of the House Hunger Caucus and great friend of God's Love, hosted a Congressional Briefing to launch the new bipartisan **Food is Medicine Working Group**. Through this partnership, we helped

plan and execute the second Food is Medicine Congressional Briefing in May, at which Karen Pearl was a presenter.

We launched a new volunteer portal, **VolunteerHub**, to streamline volunteer intake and data.

During National Volunteer Week in April, we launched our campaign, **“1 of Over 10,000 Volunteers.”** All month long, photos celebrating our volunteers hung in the Spring Street C/E and Houston Street 1 subway stations.

We were thrilled to introduce our national **“Healthcare Starts with Healthy Food” PSA**, which ran in The Wall Street Journal, announcing to the nation what we know to be true: that food is medicine and food is love.

In June, **Heidi Klum** rolled up her

sleeves to chop veggies and pack children’s breakfast kits in the kitchen in support of our **Make Breakfast Count campaign**.

Young Hearts

In the spring, several classes of students from **Friends Seminary** helped plant our rooftop garden with seedlings grown in class. The garden is home to a variety of student-grown herbs.

During the holidays, we are delighted to have our young hearts join us for a festive cookie and card decorating party with **Chuck the Baker**. These holiday cards are then delivered to our clients and their children.

Client Story

Meet Craig

Craig is 78 and lives with chronic obstructive pulmonary disease.

He grew up in Minnesota but has lived in the same Upper West Side apartment in Manhattan for the past 55 years. Before he got sick, he was a passionate singer and performer who traveled the world with his partner of 23 years. During his time in show business, Craig performed in New York City, Chicago and London, and was on the Board of the Spectrum Theatre. He knew everyone from Julie Andrews to Judy Garland. It was an exciting time, and Craig lived an exciting life.

Today, Craig is alone, uses a wheelchair, and takes 32 pills every day to stay alive. It has been three years since he has been able to leave

his apartment, and Craig suspects he might not even recognize his own neighborhood now.

Before God’s Love, Craig was worried about how he would survive on his own. Getting sick changed everything and he had never had to ask for help before. When Craig reached out to God’s Love, he immediately began receiving nutritious, home-delivered meals tailored specifically for him and his diagnosis.

“God’s Love has been a big change for me. I love the fresh vegetables! I feel more energized, like I could conquer the world,” Craig says. He also loves the relationship he has developed with our delivery driver Jason. Craig does not get many

visitors, so seeing Jason twice a week makes a difference.

Craig expressed his gratitude to God’s Love for providing comfort, love, and nutritious meals, and for making his life a little easier: “Please keep going. You help so much.”

“God’s Love has been a big change for me. I love the fresh vegetables! I feel more energized, like I could conquer the world,” said our client, Craig.

Financials

Funding from generous individuals, foundations, corporations, and government sources provides a diversified base of support, helping to ensure that we can continue our work without overreliance on one revenue stream. We work hard to guarantee that valuable contributions are used on behalf of our clients. In FY2018, 77% of all revenue went directly to client services. Our donors expect no less.

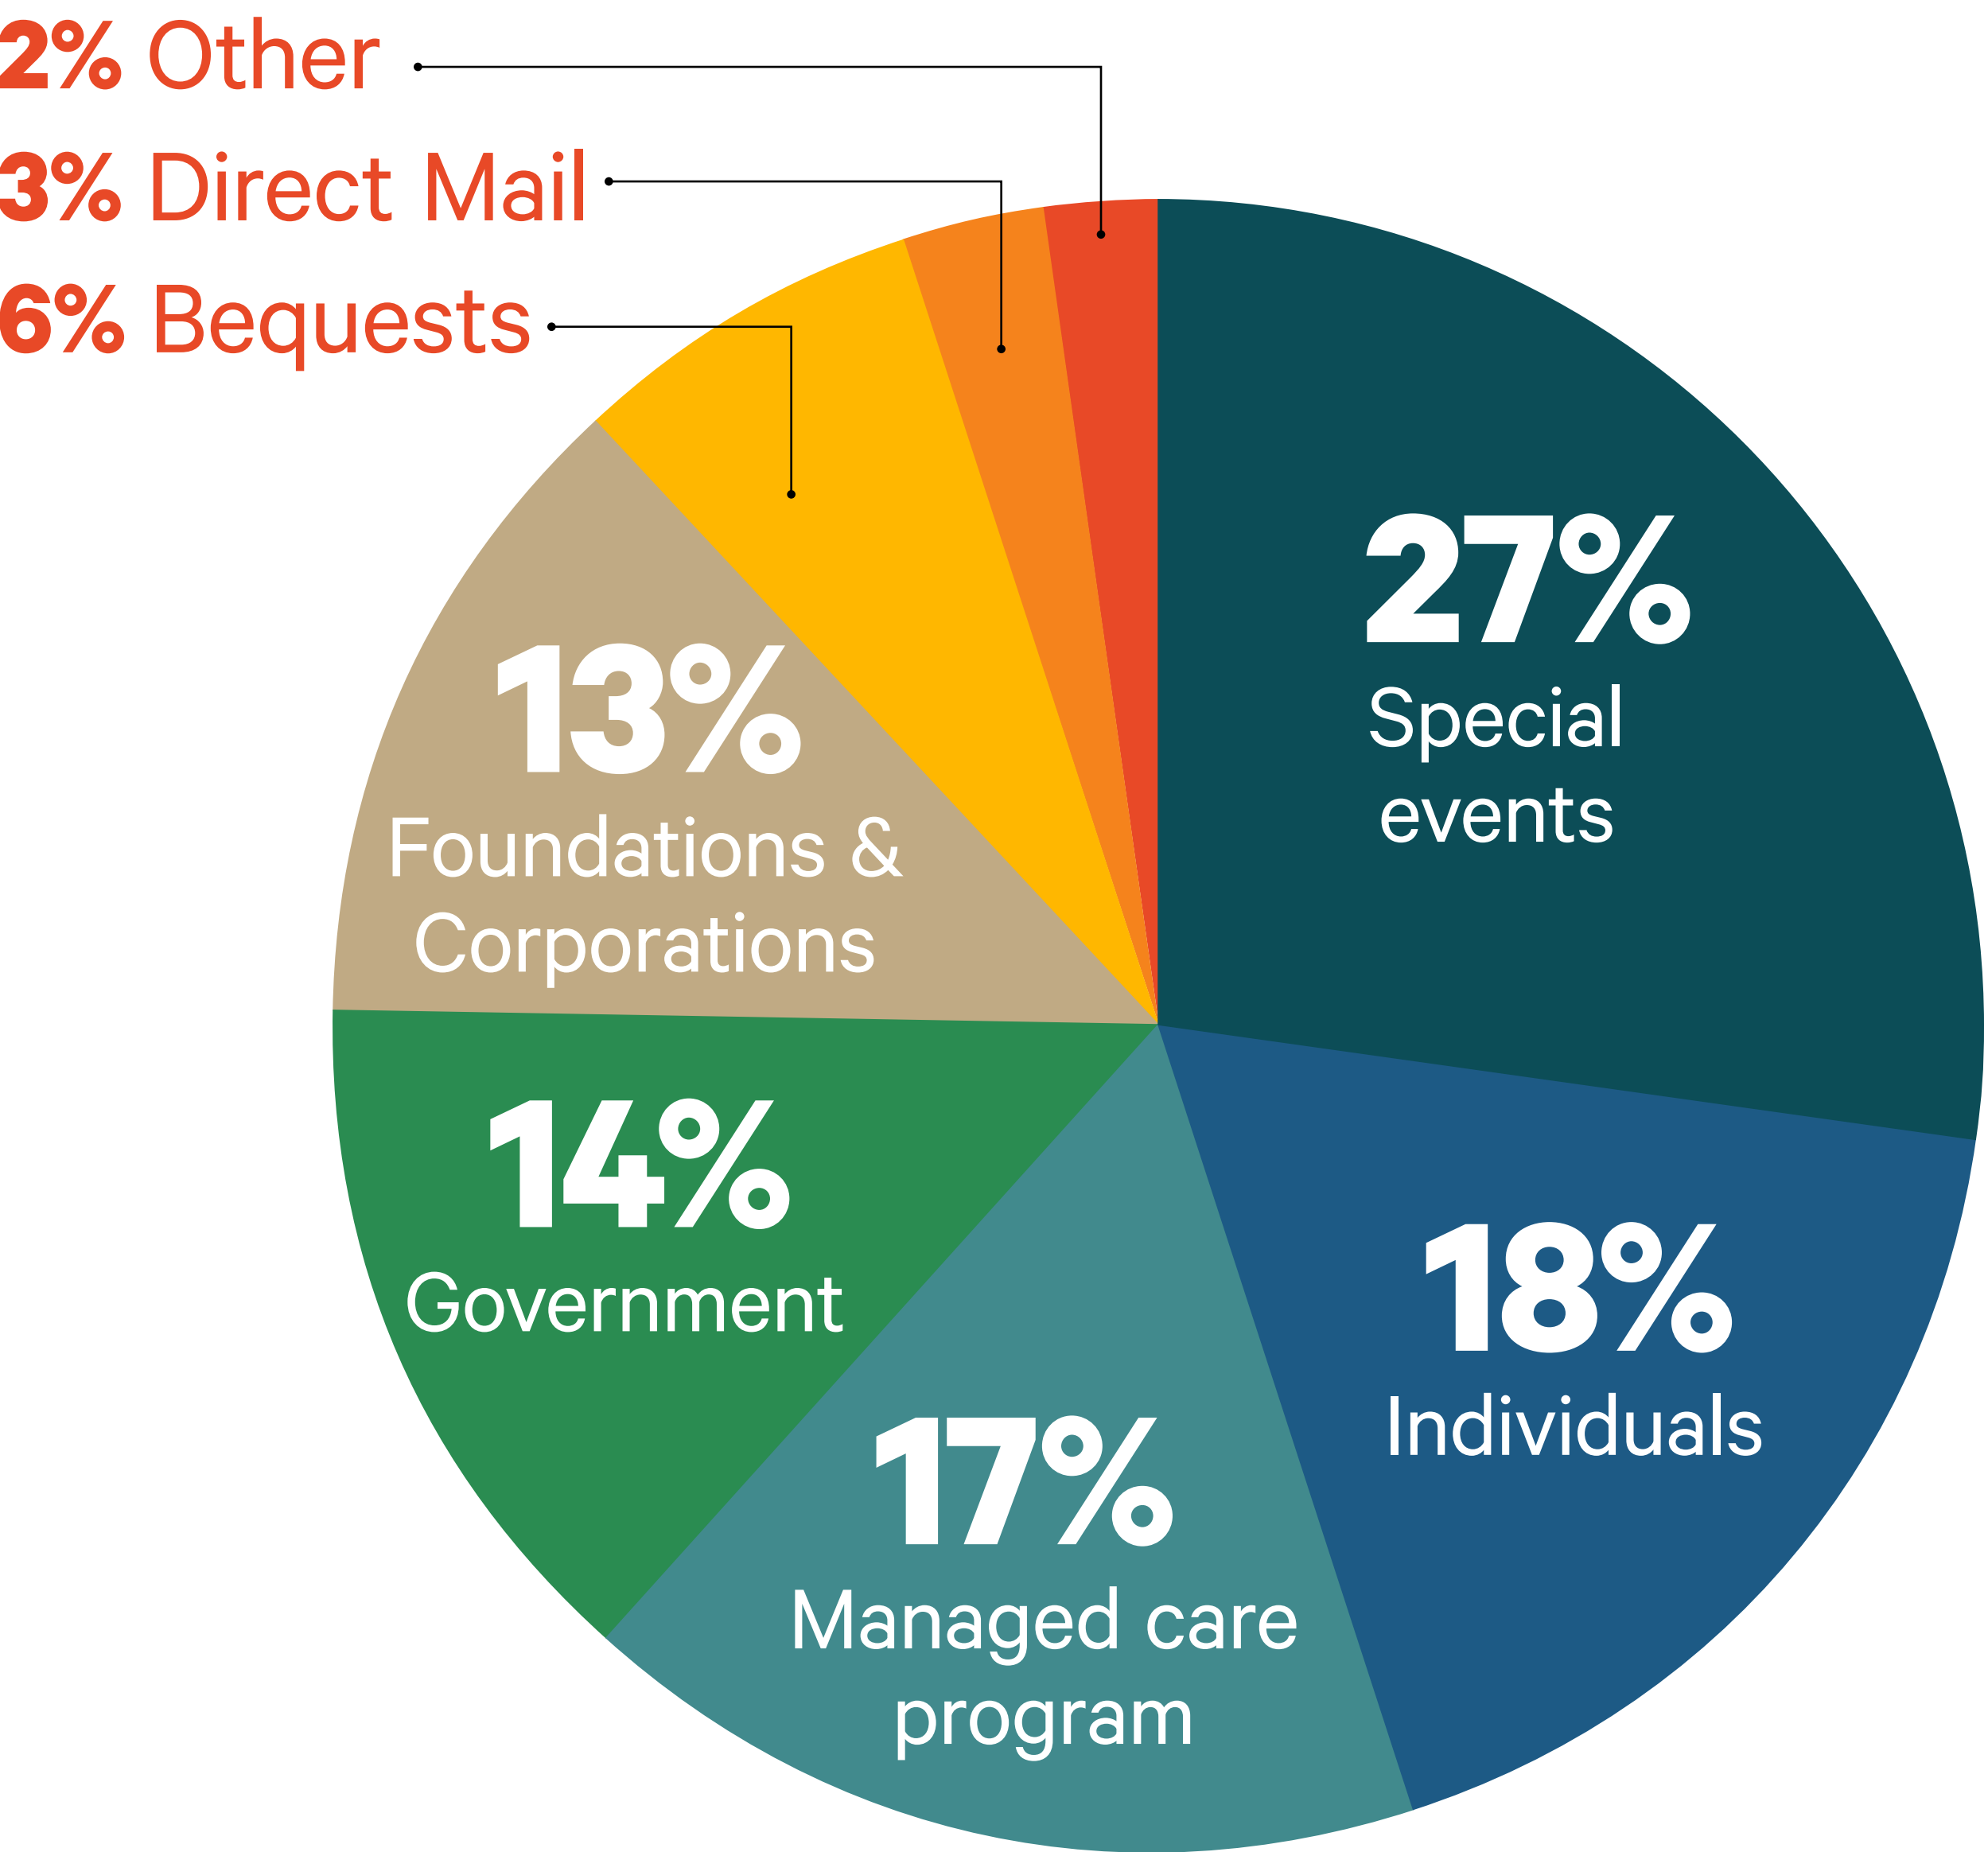

"I was happy when I found God's Love because I had no help before. God's Love is helping me keep my husband alive. I have to thank you for your kindness. The meals are so very helpful. I love this program."

— Victoria, wife of Client Santiago

This year at God's Love We Deliver, we relied on the generous support of 16,359 donors – individuals, corporations and foundations – for the vast majority of the funding that makes the fulfillment of our important mission possible. In fact, every year private contributions account for approximately 70% of the total funding God's Love receives. The other 30% comes from the government and managed care programs. That's why every single donation, regardless of size, helps provide delicious meals and nutrition counseling for someone living with a life-altering illness.
