Meet Dayle
After relocating to NYC, Dayle discovered God’s Love through a friend. She soon became a donor and attended our events, unaware she would one day rely on our meal program. When she became ill, Dayle joined our meal program and found immense help in receiving our medically tailored meals at home.

When I was going through such a hard time, God’s Love relieved a burden and aided my recovery. The dedication of those involved embodies the essence of compassion. People need to be fed. Food is love. You are delivering love. This profound impact is why I am a member of the Legacy Society.
